

**RICHMOND
BEHAVIORAL
HEALTH**

25 years of Board Service.

We are fortunate to have 2 Boards who serve our organization and our community. While our growth over the past 25 years is a result of the work of many, we want to take this opportunity to acknowledge and express our gratitude to our new, our current, and our past Board Members. Through their volunteer service and leadership, we have grown, we have transitioned, we have endured, and we have made an impact in the lives of many in our community.

All Board Members serve as advocates and ambassadors of Richmond Behavioral Health.
